

My Farm Manager[®]

ALL OF YOUR FARM.
ALL IN ONE PLACE[®]

Whether you're a small or large operation, **My Farm Manager[®]** acts as the central hub for your farm. Track and access all your historical information to more accurately plan for the future.

CONNECT AND SHARE

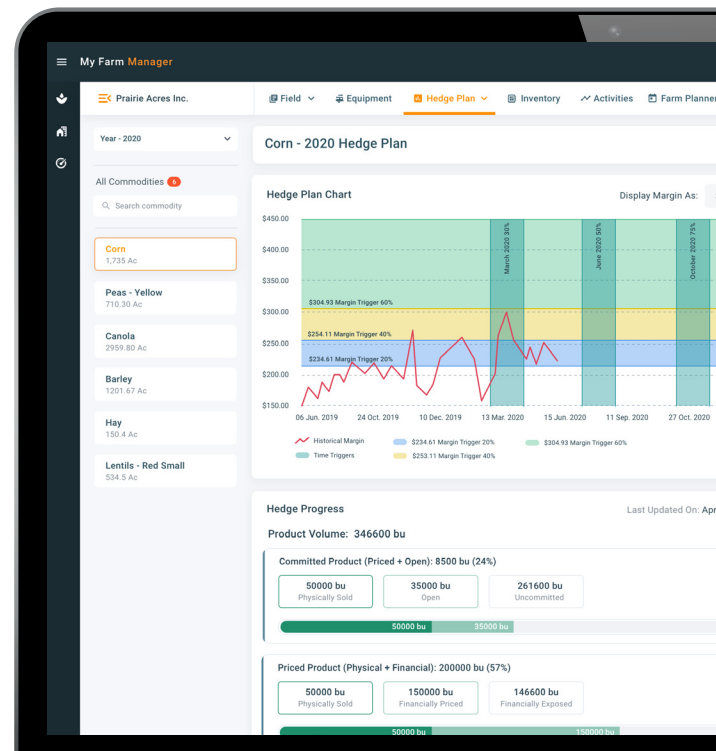

Connect your whole team with custom permission settings and alerts. Plus, add in your trusted service providers for expert insights, shared reporting features and service tracking.

PRE-SEASON PLANNING

Review and act on agronomy, budget and crop marketing plans. Communicate the broader story or a specific detail of your operation to anyone, at any time.

AGILE DECISION MAKING

Access up-to-date farm records from any device to make informed, strategic decisions for your operation. Take action when it matters most to increase your productivity and profitability.

FARM MANAGEMENT • PRECISION AGRONOMY • CROP MARKETING

Let's get to work. Together.
