

My Farm Manager®

ALL OF YOUR FARM.
ALL IN ONE PLACE™

Whether you're a small or large operation, **My Farm Manager®** acts as the central hub for your farm. Track and access all your historical information to more accurately plan for the future. Communicate the broader story or a specific detail of your operation to anyone, at any time.

CONNECT AND SHARE

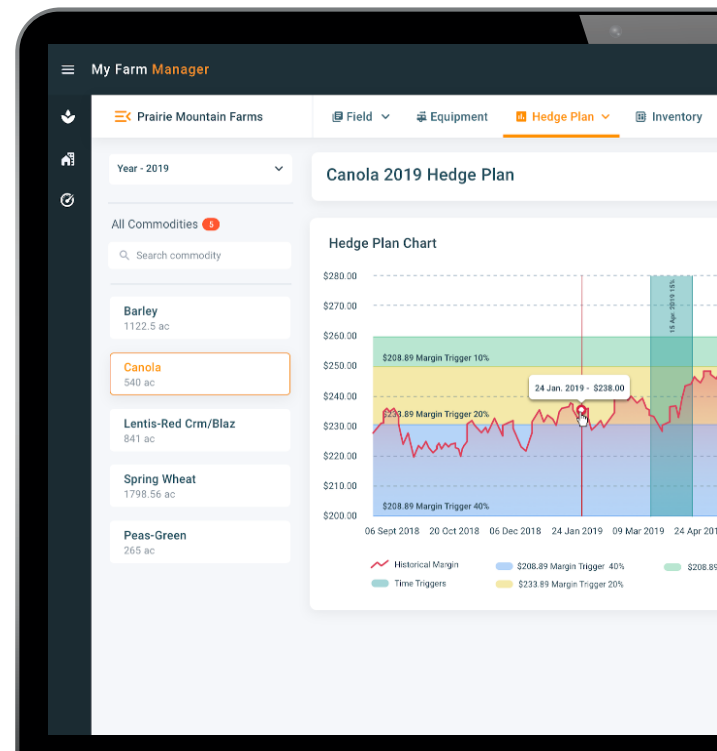

Connect your whole team with custom permission settings and alerts. Plus, add in your trusted service providers for expert insights, shared reporting features and service tracking.

PRE-SEASON PLANNING

Review and act on agronomy, budget and crop marketing plans no matter where you are.

AGILE DECISION MAKING

When your farm records are up to date and accessible from any device, management decisions are simplified. Take action when it matters most and boost your overall efficiency.

FARM MANAGEMENT • PRECISION AGRONOMY • CROP MARKETING

Let's get to work. Together.
