

Fleet Management

Keep a bird's-eye view on your farm equipment and vehicles.

TELUS Fleet Management solutions keep your vehicles and equipment in sight so you can keep the farm moving forward. Get visibility into your remote field operations by improving driver safety, vehicle security, fleet efficiency and far profitability.

Vehicle tracking, simplified

Track and manage vehicles and equipment in real-time, through a plug-and-play solution that can be managed from a single app.

All-in-one vehicle security

Monitor your vehicles and equipment through live and recorded video, plus receive alerts if there are disturbances or break-ins.

Improve driver and vehicle efficiency

Get in-depth vehicle and equipment reports to help you implement optimal routes and identify efficient driving behaviors.

Peace of mind

Share routes and real time information in a mobile app as your team gets to work.
