

StoneX®

Know-Risk™

Your complete solution for crop marketing.

Know-Risk™ puts powerful commodity solutions in your hands, so you can be proactive in the market and protect your margins. Our advisors will coach you and give you a comprehensive set of tools to track and analyze your market position and overall profit. You'll have total visibility over your entire operation, plus the mentorship and support you need to get better every year. You'll always be in touch and in control – and if you're away, your personal advisor can monitor and help execute on your behalf.

Customized market plans

- Work together with an advisor to develop a customized plan tailored to your cash flow, risk tolerance and margin objectives
- Market positions automatically sync with your current crop plans in Farm At Hand
- Get an accurate picture of your financial position

Account management

- Capitalize on time-sensitive market opportunities with expert advice specific to your farm
- Dashboard monitoring: track key performance indicators for each of your crops
- Track your profit and time triggers and receive alerts when targets are reached

Workshops and training

- Build your knowledge with webinars, workshops, daily market reports and one on one meetings with an advisor
- Discover how changes in price, yield and contract scenarios will affect your overall profit margins
- Capture time-sensitive market opportunities

Select a package
